Bulletin de la Société internationale des  
études pratiques d'économie sociale

The Société was founded by Le Play.  
vol. II (1867-68) contains the most  
comprehensive discussion (con as well as  
pro) of his proposals on testamentary  
liberty that I have seen. It also includes  
a study of the supposedly disastrous  
effects of the Civil Code in Provence by  
his disciple Claudio Jannet
